PROFESSIONAL SUMMARY

Intermediate Software Engineer who is passionate about problem solving and creating efficient, scalable and secure systems and writing code that adds value. I have 4 years of professional experience building and maintaining .NET-based backend systems and AWS cloud-native services along with SQL and system architectures. Strong background in microservices, API development, and cloud architecture using AWS (Lambda, ECS, SQS, RDS, API Gateway). Experienced in financial systems, automated testing, CI/CD, and cost-optimized cloud solutions. I enjoy collaboration and working closely with different teams to produce high quality solutions.

AWS Certified Solutions Architect – Associate.

SKILLS

- Frameworks: .NET, .NET Core, ASP.NET Core, Dapper, React, Blazor Forms.
- TECHNICAL SKILLS: C#, JavaScript, TypeScript, SQL.
- Cloud and DevOps: AWS (Lambda, ECS, ECR, EC2, S3, SQS, SNS, API Gateway, RDS – PostgreSQL, DynamoDB, VPC, CloudWatch), Docker, CI/CD, Blue-Green Deployments.
- Databases and auth: PostgreSQL, Oracle SQL, DynamoDB, OAuth, JWT.
- Testing and tools: xUnit, Moq, Postman, Git, GitHub, SVN, TortoiseSVN.
- Methodologies: Agile, Microservices, Waterfall.

EXPERIENCE

Software Developer

Amplifin

Pretoria, SA 01/2023 - Current

- Developed and maintained backend services and REST APIs using .NET / ASP.NET Core for internal and client-facing systems.
- Designed and deployed cloud-native solutions on AWS using Lambda, ECS, SQS, API Gateway, RDS (PostgreSQL), DynamoDB, and CloudWatch.
- Implemented secure integrations with external banking APIs using OAuth and JWT security. (Capitec, African Bank).
- Improved AWS cost efficiency and performance through caching, lifecycle policies, and code optimizations.
- Built and maintained microservices, implemented automated testing (xUnit, Moq) and collaborated within Agile teams.

Intern Software Developer

Amplifin

Pretoria, SA 03/2022 - 01/2023

- Designed and developed an internal regression testing tool using .NET Core MVC, currently used by the QA team.
- Maintained and enhanced legacy financial reporting systems.

Web Developer

University of Pretoria (Maternal Research Dept.)

Pretoria, SA 10/2021 - 03/2022

- **Maintain** and **update** the maternal research department's website as a part of the University's main website.
- **Modifying** front-end existing **components** as well as **create** and deploy new components using **HTML**, **Bootstrap** and **JavaScript**.

EDUCATION

- **Bachelor of IT (Hons)** - University of Pretoria 2018 – 2022
- [AWS Certified Solutions Architect - Associate](#)
- [AWS Certified Cloud Practitioner](#)
- [Microsoft Azure Fundamentals Certified](#)
- **PASA (Payment Association South Africa)** Foundational Payments Certificate (November 2023)

VOLUNTEERING

- **TUKS EBIT Mentor** - A mentorship program which involved mentoring 3 first year students in my Honours year.
- **Peas in a Pod Shelter for young women** – Regularly assisted in donation drives.
